# Kitchen

1445 Bates Creek Rd. • Lexington 40502  
by J&R Construction

THE DETAILS

BEFORE

Before the remodel, this galley kitchen did not have adequate storage space or enough room for two people to cook in. Removing a wall made this kitchen twice as big, with plenty of storage, seating, and cooking space for multiple people to use at once. Below are some of the main features of the kitchen:

- Open concept
- Floor to ceiling cabinets
- Custom glass cabinets
- Custom cooking station
- Unique island layout
- Ample amount of added storage
- Specialty outlet for European countertop appliance
- Instant hot water faucet
- Suede finished granite countertops
- Mixed metal finishes
